

# AR + VR + MR + XR = #anewreality

Griffith University Nathan Campus Brisbane | 31st Jan - 1st Feb 2019

*The use of new and emerging technologies (such as AR, VR, XR) in Higher Education are now starting to realise on the ground across Australasian Universities. Interest in this area, what other Institutions are doing and how, has been expressed at several of the latest ACODE Events, as a 'hot topic' in ACODE Business and Networking Meetings, and across the ACODE Forum.*

*Griffith University is strategically positioned to host an event bringing together practitioners from across Higher Education Institutions to further progress engagement and information-sharing across this important topic for our Sector.*

## #anewreality

Griffith University have partnered with ACODE to co-sponsor this exciting immersive Learning event.

**#anewreality** will be a two-day line up of practitioner-focussed activities sharing their current practice in the application of emerging immersive technologies. There will be::

- Sharing practice sessions (Round Tables)
- Strengthening member connections
- Professional learning opportunities
