

Already this year is off to a roaring start with a very successful AR/VR/XR #anewreality event that ACODE sponsored at Griffith University. 21 Jan-1st Feb. Many thanks Michael Sankey for a great event.

I am sure that this has stimulated a lot of chatter at your own institutions as it has at my own.

Our accounts for 2018 are now with the Accountant and I anticipate getting them back at the end of the month.

The BAS for December 2018 has been completed and our accounts are in good order.

Our payment by Credit Card is now operational and is working well. We have had several transactions already.

Next week I will send out reminders for all outstanding accounts. If you know that you haven't processed the payment yet please do so now, or call me and we can process a payment over the phone.

Shortly we will be putting together the 2018 Annual Report. If anyone has any contribution please forward them to secretariat@acode.edu.au.

As you will have seen via the news the THETA early bird registrations will close this Friday if you are attending please register as soon as possible and join us in Wollongong 19-22 May 2019. Visit us at the CAUL/CAUDIT/ACODE booth.

If you haven't already done so please consider sending a colleague to the 2019 ACODE Learning Technologies Leadership Institute on the Sunshine Coast. This is a five day residential that is of great benefit not only to the attendee but also to your institution. Places are filling fast.

A reminder that we are always on the lookout for articles/photos to populate the Learning Spaces pages on the website. If you haven't already checked them out follow this link:
